## Start simple with MyPlate Plan

The benefits of healthy eating add up over time, bite by bite. Small changes matter. Start Simple with MyPlate.

A healthy eating routine is important at every stage of life and can have positive effects that add up over time. It's important to eat a variety of fruits, vegetables, grains, protein foods, and dairy or fortified soy alternatives. When deciding what to eat or drink, choose options that are full of nutrients. Make every bite count.

## Food Group Amounts for 1,600 Calories a Day for Ages 9 to 13 Years Dairy Vegetabl ups

1½ cups	2 cups	5 ounces	5 ounces	3 cups
Focus on whole fruits	Vary your veggies	Make half your grains whole grains	Vary your protein routine	Move to low-fat or fat-free dairy milk or yogurt
Focus on whole fruits that are fresh, frozen, canned, or	Choose a variety of colorful fresh frozen and canned	Find whole-grain foods by	Mix up your protein foods to	(or lactose-free dairy or
